- Of those that self-identify as Democrats only 72% believe in God compared with 92% of those who identify as Republicans.
- The term "Christian" is now just a generic label.
- Today, most people who claim to know God have no clue Who He is.
- God will deal severely with those who do not acknowledge His being.

God Exists

- God's name for Himself deals with His existence.
- God's very name for Himself proclaims His existence.
- Our prosperity is quite literally killing us because we have no need for God, so why search for Him?
- Two ways God has revealed himself:
 - Natural God has been revealed in the natural world around us.
 - Special God has revealed Himself to us through His Word, the Holy Scriptures.
- God has revealed Himself in such a way to hold all people accountable.

Without Excuse

- God owns it all, therefore we all are answerable to Him.
- If you use the word "God" or the notion of a divine creator, it is dismissed as NOT science, but is considered superstition.
- The Scriptures say, "they are without excuse" and thereby subject to the wrath of God.
- A "fool" in Biblical terms means more than just a person who lacks good sense or sound judgment, it means a moral degenerate, someone who is worthless and godless.
- We cannot go to God on our own terms.

Conclusion

- Because man failed to seek after God, God came seeking after us.
- God sent Jesus.
- Regardless if God is acknowledged or not, a day is coming when all will proclaim Jesus as Lord.
- God is as active in His creation today as He was in times past.
- Because He is God, He makes the rules, and they never change.
- We all are answerable to God.
